

2023 Hunt County Photography Contest

PURPOSE

The Hunt County Photography Contest encourages self-expression and allows youth to demonstrate skills learned in the area of photography, including the use of photographic equipment and processing of photographs.

OBJECTIVES

- To develop skills in composition, light, story line, posing and awareness.
- To gain knowledge about cameras, camera settings, photography dimension, and resolution.
- To encourage 4-H members to use photography as a meaningful communication tool in their lives.
- To provide a photography project showcase opportunity for 4-Her's.
- To continue to share the message of 4-H.
- To utilize photographs which can promote and strengthen the 4-H program on all levels.

JUDGING: For quality awards, each photograph will be judged against a set of judging criteria (see attached) and NOT against photographs of peers. Based on those criteria, a photo will be awarded either a blue, red, white, or participation ribbon. The Best of Category award is a competitive process whereby judges will select from the blue quality photos the best photo within a given category per age division. The Best of Age Division award is a competitive process whereby judges will select from the Best of Category photos within each age division. The Best of Show award is a competitive process whereby judges will select from the Best of Age Division photos to select the best photo of the show.

AWARDS:

- Quality Awards - Photos will receive a blue, red, white, or participation ribbon based on judges determinations using the Elements of Judging below.
- Best of Category Awards - Photos selected as Best of Category will receive a rosette.
- Best of Age Division Award - Photos selected as Best of Age Division will receive an extra-large rosette.
- Best of Show Award - Will receive a banner.

ELEMENTS OF JUDGING

- **IMPACT:** Is the sense one gets upon viewing an image for the first time; compelling images evoke laughter, sadness, anger, pride, wonder, or another intense emotion.
- **CREATIVITY:** Is the original, fresh, and external expressions of the imagination of the maker by using the medium to convey an idea, message, or thought.
- **TECHNICAL:** Is the quality of the image itself as it is presented for viewing, which includes the following aspects allowable amounts of retouching and adjustments; (see ALTERATIONS under Rules & Procedures) sharpness and correct color balance lighting, which includes the use and control of light; the use of lighting whether natural or man-made and its proper use to enhance the image posing and capturing of the image.
- **COMPOSITION:** It is important to the design of an image, bringing all of the visual elements together in concert to express the purpose of the image; proper composition holds the viewer in the image, and prompts the viewer to look where the creator intends; effective composition can be pleasing or disturbing depending on the intent of the image maker.
- **SUBJECT MATTER:** Should always be appropriate to the story being told (i.e. category the photo is being entered) in an image; subject matter also includes the center of interest for the photograph or where it makes the viewer stop and view the image.
- **STORY TELLING:** Refers to the images ability to evoke imagination or emotion; one beautiful thing about art is that each viewer might collect his/her own message or read their own story in an image.

It is extremely important that 4-H member participants, project leaders, parents, and County Extension Agents review the descriptions of each category very carefully. There are new categories and some of the descriptions for existing categories have been amended. Do NOT enter photographs into categories that are duplicate from other categories or ones that do NOT clearly meet the category description.
